ORANGE COUNTY VA ECONOMIC DEVELOPMENT

## Business Startup Checklist & Resource Directory

Contact Orange County Economic Development  
540-672-1238 or [rdeal@orangecountyva.gov](mailto:rdeal@orangecountyva.gov)

# Business Startup Checklist

- Write a Business Plan
- Choose a Location
- Determine Financing Options
- Choose Business Structure
- Register Business Name
- Get a Tax ID
- Apply for Permits and Licenses
- Open a Business Bank Account
- Get Business Insurance
- Hire Employees
- Cut Ribbon!

# Step 1: Write a Business Plan

Writing a business plan is the first step in the formation of a successful business. There are many types of business plan formats. Choose one that you feel the most comfortable with. There are sample business plans available in the table below.

It's a good idea to consult a business counselor early in the planning process to be sure you get off to a good start. There are several free resources available that you should take advantage of.

[A directory of business counseling organizations is available at the end of this checklist.](#)

## Business Plan Types

Type	Description	Sample
Traditional	This type of plan is very detailed, takes more time to write, and is comprehensive. Lenders and investors commonly request this plan.	<a href="#">We Can Do It Consulting</a>
Lean	This type of plan is high-level focus, fast to write, and contains key elements only. Some lenders and investors may ask for more information	<a href="#">Wooden Grain Toy Company</a>

(Source: [U.S. Small Business Administration](#))

# Step 2: Choose a Location

There are many factors to consider when choosing your business location. All of these factors should be considered when choosing where you will operate. Orange County Economic Development staff can help you choose a location based on your needs and what is available.

Further guidance on choosing your location is available on the [U.S. Small Business Administration](#)'s website. A local business counselor can also help you evaluate the best location for your business. When you're making these evaluations, remember to always Think Orange, VA!

[A directory of location assistance organizations is available at the end of this checklist.](#)

## Resources

[Orange County Economic Development](#)

[Real Estate Search Tool](#)

[Lee Industrial Park Locations](#)

[Orange County GIS](#)

[Orange County Website](#)

# Step 3: Determine Financing Options

One of the most difficult items to check off when starting a business is finding the capital that is required. There are many options available to you when starting a business. The [U.S. Small Business Administration](#) and [Virginia Small Business Financing Authority](#) offer several programs to help get your business off the ground. As always, a business counselor will be useful in helping you determine the best financing structure for your business venture.

The Orange County Economic Development Authority has the [Advanced Start-up incentive](#) available. It is designed to attract creative class talent, support local entrepreneurs, and encourage home-based businesses to locate in commercial space. Qualifying companies may access incentives valued at no more than \$3,000. Incentive options include:

1. Interest rate buy-down
2. Refund for broadband connection fees
3. Grant to defray the cost of website design
4. \$500 cash for each full-time job created up to six employees for one year; which pay at least 250% of the federal minimum wage.

[A directory of financial institutions in Orange County who offer programs for startups is available at the end of this checklist.](#)

# Step 4: Choose Business Structure

What type of business would you like to create? Are you going to be a sole-proprietor, a corporation, an LLC, or some other structure? When making this decision, it will be helpful to consult with a business counselor first. An attorney who understands business law would also be a good resource to tap.

U.S. Small Business Administration provides some insight on which structure is best for you on their website: [Incorporating Your Business](#)

[A directory of attorneys and paralegals available in Orange County who are experienced with business law is available at the end of this checklist.](#)

# Step 5: Register Business Name

Choosing a business name that reflects your brand identity is very important and also very fun. Once you settle on a name, you will want to register it to be sure nobody else can take it (or has already taken it). There are four different ways to register your business name.

Your [business counselor](#) or [attorney](#) can assist this aspect of your startup.

## Four Ways to Register

Type	Description	
Entity Name	An entity name can protect the name of your business at a state level. Depending on your business structure and location, the state may require you to register a legal entity name.	<a href="#">Register your name</a>
Trademark	A trademark can protect the name of your business, goods, and services at a national level. Trademarks prevent others in the same (or similar) industry in the U.S. from using your trademarked names.	<a href="#">Trademark your name</a>
Doing Business As (DBA)	You might need to register your DBA — also known as a trade name, fictitious name, or assumed name — with the state, county, or city your business is located in. Registering your DBA name doesn't provide legal protection by itself, but most states require you to register your DBA if you use one. Some business structures require you to use a DBA.	
Domain	If you want an online presence for your business, start by registering a domain name — also known as your website address, or URL.	Multiple options online

(Source: [U.S. Small Business Administration](#))

# Step 6: Get Tax IDs

Your state and federal tax ID's – which are also referred to as Employer Identifications Number (EIN) – is similar to your personal social security number, but for your business. They allow you to pay your state and federal taxes. There is no local tax ID number in Orange County.

Your [business counselor](#) or [attorney](#) can assist this aspect of your startup.

## Federal vs. State Tax IDs

Type	Description	
Federal ID	Your Employer Identification Number is your federal tax ID. You need it to pay federal taxes, hire employees, open a bank account, and apply for business licenses and permits.	<a href="#">Apply for an EIN</a>
State ID	The need for a state tax ID number ties directly to whether your business must pay state taxes. Sometimes, you can use state tax ID numbers for other functions, like protection against identity theft for sole proprietors.	<a href="#">Register your business</a>

(Source: [U.S. Small Business Administration](#))

# Step 7: Apply for Licenses and Permits

Most small businesses need a combination of licenses and permits from both federal and state agencies. The requirements — and fees — vary based on your business activities, location, and government rules. There is no local business license for Orange County or the Town of Orange, but you will need to adhere to the zoning restrictions. There is a business license requirement for the Town of Gordonsville. Your [business counselor](#) or [attorney](#) can help determine which licenses or permits you will need. Orange County and each Town’s local government offices can assist with local requirements; [contact information is available in the directory after this checklist.](#)

Business Activity	Issuing Agency
Agriculture	<a href="#">U.S. Dept. of Agriculture</a>
Alcoholic Beverages	<a href="#">Alcohol and Tobacco Tax and Trade Bureau</a> <a href="#">Virginia ABC</a>
Aviation	<a href="#">Federal Aviation Administration</a>
Firearms, ammo, and explosives	<a href="#">Bureau of Alcohol, Tobacco, Firearms, and Explosives</a>
Fish and wildlife	<a href="#">U.S. Fisheries and Wildlife Service</a>
Commercial fisheries	<a href="#">National Oceanic and Atmospheric Administration</a> <a href="#">Fisheries Service</a>
Mining and drilling	<a href="#">Bureau of Safety and Environmental Enforcement</a>
Nuclear energy	<a href="#">U.S. Nuclear Regulatory Commission</a>
Radio/TV broadcasting	<a href="#">Federal Communications Commission</a>
Transportation and logistics	<a href="#">U.S. Department of Transportation</a>

(Source: [U.S. Small Business Administration](#))

# Step 8: Open a Business Bank Account

Open a business account when you're ready to start accepting or spending money as your business. A business bank account helps you stay legally compliant and protected. It also provides benefits to your customers and employees. Your [business counselor](#) can help you decide the type of accounts you will need.

[A directory of local banks that offer business accounts and lines of credit is available at the end of this checklist.](#)

## Benefits of Business Bank Accounts

Protection	Business banking offers limited personal liability protection by keeping your business funds separate from your personal funds. Merchant services also offer purchase protection for your customers and ensures that their personal information is secure.
Professionalism	Customers will be able to pay you with credit cards and make checks out to your business instead of directly to you. Plus, you'll be able to authorize employees to handle day-to-day banking tasks on behalf of the business.
Preparedness	Business banking usually comes with the option for a line of credit for the company. This can be used in the event of an emergency, or if your business needs new equipment.
Purchasing Power	Credit card accounts can help your business make large startup purchases and help establish a credit history for your business.

(Source: [U.S. Small Business Administration](#))

# Step 9: Get Business Insurance

Business insurance protects you from the unexpected costs of running a business. Accidents, natural disasters, and lawsuits could run you out of business if you're not protected with the right insurance. Your [business counselor](#) or [attorney](#) can help you decide which types of insurance your business will need.

[A directory of business insurance providers is available at the end of this checklist.](#)

Insurance Type	Who it's for	What it does
General liability insurance	Any business.	Protects against financial loss as the result of bodily injury, property damage, medical expenses, libel, slander, defending lawsuits, and settlement bonds or judgments.
Product liability insurance	Businesses that manufacture, wholesale, distribute, and retail a product.	Protects against financial loss as a result of a defective product that causes injury or bodily harm.
Professional liability insurance	Businesses that provide services to customers.	Protects against financial loss as a result of malpractice, errors, and negligence.
Commercial property insurance	Businesses with a significant amount of property and physical assets.	Protects against loss and damage of company property due to a wide variety of events such as fire, smoke, wind and hail storms, civil disobedience and vandalism.
Home-based business insurance	Businesses that are run out of the owner's personal home.	Added to homeowner's insurance as a rider can offer protection for a small amount of business equipment and liability coverage for third-party injuries.
Business owner's policy	Most small business owners, but especially home-based business owners.	Combines all of the typical coverage options into one bundle. They simplify the insurance buying process and can save you money.

(Source: [U.S. Small Business Administration](#))

# Step 10: Hire Employees

Establish a basic payroll structure to help you hire employees. Then, manage employees properly with a general understanding of state and federal labor laws. There are several benefits that you are required to offer to your employees. The better your compensation and benefits package, the better your chances of hiring quality employees. Consult with your [business counselor](#) or [attorney](#) to determine how to best comply with state and federal labor laws.

There are several organizations that have programs aimed at employee training and hiring. Be sure to look into these organizations.

[A directory workforce development organizations is available at the end of this checklist.](#)

Benefit	Agency
Social Security	<a href="#">Social Security Administration</a>
Workers' Compensation	<a href="#">U.S. Dept. of Labor - Workers' Compensation</a>
Leave benefits	<a href="#">U.S. Dept. of Labor - Family and Medical Leave Act</a>
Unemployment Insurance	<a href="#">Virginia Employment Commission</a>

(Source: [U.S. Small Business Administration](#))

# Cut Ribbon!

Now that you've checked all the boxes, you're ready to cut the ribbon to your business! Get involved with the business community in Orange County and the Central Virginia region through various networking organizations. If you need any help with your business along the way, please reach out to the Orange County Economic Development office for assistance.

[A directory of business networking and mentoring organizations is available at the end of this checklist.](#)
